About Kerala

Kerala, a state situated on the tropical Malabar Coast of South-western India, is one of the most popular tourist destinations in India. This state is named as one of the ten paradises of the world by National Geographic Traveler. Kerala, popularly known as 'God's Own Country' is famous especially for varied flora and fauna, its ecotourism initiatives and beautiful backwaters. Its unique culture and traditions, coupled with its varied demography, have made Kerala one of the most popular destinations in the world.

Weather

December marks the beginning of winters in Kerala. The average maximum temperature is 32°C while the average minimum temperature is 23°C at this time. Winter is truly enjoyable in the month of December, a time of year without much rain or humidity and with plenty of sunshine and warm temperatures.

About the Seminar

Crime being a dynamic phenomenon, the nature of crime and criminals has changed considerably due to advent of economic liberalization, globalization and communication revolution. This has not only resulted in effecting substantial alterations in the dynamics of crime and criminal behaviour but also brought about multiple challenges for the Criminal Justice System in particular and society as a whole in general.

Therefore, awareness and education in various fields of Criminology and Forensic Science have become duly bound to respond to the needs of the society and the Criminal Justice System. **This international seminar will emphasise the application of modern trends in Penology, Criminology, Victimology, Cyber crime, Forensic Science, Forensic Medicine and Cyber Forensics in crime prevention and detection.**

University of Calicut

The University of Calicut, established in 1968, is the largest University in Kerala. The University aims to nurture excellence in education and research in its catchment areas of Northern Kerala, historically consigned to the periphery of Kerala's academic map. The University lays emphasis on fostering quality human resource and promoting productive research that benefits both the local communities and the wider humanity. Over the years, the University has been able to surmount all challenges and emerge as the largest residential cum affiliating University in Kerala. With 34 post-graduate departments and 340 affiliated colleges it has become a beacon of hope and enlightenment for hundreds of thousands of young men and women. The University is celebrating its Golden Jubilee in 2018. Currently the University has been accredited with 'A' Grade by the National Assessment and Accreditation Council.

Department of Law

The department of Law offers post-graduate degree in law with double specialization. The main objective of the department is to equip the students with research skills needed to strengthen the administration of justice in India. The LLM programme is developed to integrate Indian and global perspectives on aspects of corporate, international trade, intellectual property rights, criminal law and varied areas of law and emphasizes on an international, transnational and comparative approach to research in the aforementioned fields of law.
